# The Canada Games

Alberta has competed at every Canada Games since the very first Canada Winter Games in 1967 in Quebec City. The Canada Games are the largest national multi-sport event for young athletes, and alternate every two years between winter and summer. Competing athletes are the best in their age group, and represent Canada's next generation of international athletes. It is not uncommon to have athletes appear in a Canada Games, and then compete for Canada in the next Olympic Games.

The A has a mountainous feel that is representative of the new heights our athletes will reach as they pursue personal excellence. The A carries the feel of coniferous tree tops which are in abundance across Alberta. The lightning bolt descending from the A connects to Alberta's renowned thunderstorms and excitement that is ever present in the air here - Alberta's ubiquitous energy and attitude.

*Alberta* 

The word 'Alberta' is written in a white, elegant cursive script. To the right of the word is a small icon of the Alberta flag, which is a white square with a red vertical stripe on the left side.
